# STRAWBERRY TREE

*Arbutus unedo 'Marina'*

31

**Scientific Name:** *Arbutus unedo 'Marina'*

**Common Name:** Strawberry Tree

**Size:** 20-30' tall x 25' wide

**Deciduous / Evergreen:** Evergreen

**Leaves / Flowers:** Leaves are deep green and oblong. Pink flowers in fall.

**Exposure:** Full sun

**Water:** Little to regular water

**Origin:** A hybrid selection

**Sunset Zones:** 8, 9, 14-24

**Maintenance:** Low. Single trunk trees need staking.

**Comments:** Typically a multi-trunk with a slow to moderate growth rate. With age, the bark has an attractive reddish-brown gnarled and shredded appearance. Produces edible strawberry-like fruit.
