

Chino Basin Water Conservation District's Residential Water Wise Workshops 2010

Water Wise Gardening Workshop - The Basics

Dates: February 27th, April 24th OR August 28th

Time: 9:00 am – 12:30 pm

Description: Attendees will learn basic information about efficient irrigation systems, soils, design practices, fertilizers and water wise plants. This workshop will provide just enough information to leave attendees wanting more. Luckily, CBWCD offers a variety of specialty workshops that focus on these various topics. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.

Backyard Composting Workshop

Dates: March 20th, July 17th OR September 25th

Time: 9:00 am – 11:00 pm

Description: Attendees will learn how to, and the benefits of, backyard composting and worm composting. In addition, this workshop will teach attendees about water wise gardening. "Earth Machine" compost bins will be available for sale (limited quantities) through San Bernardino County Solid Waste Management's program. Information on where to buy various style bins locally or how to make your own inexpensive bin will also be available. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.

Water Wise Gardening Workshop - Maintenance, Pruning & Integrated Pest Management

Dates: June 26th, September 11th OR December 4th

Time: 9:00 am – 12:30 pm

Description: Attendees will learn how and when to prune and maintain various plants and trees. In addition, this workshop will teach attendees about environmentally safe and effective ways to avoid and reduce pest problems in the garden. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.

Chino Basin Water Conservation District's Residential Water Wise Workshops 2010

Water Wise Gardening Workshop - Irrigation, Soil & Fertilizers

Dates: May 1st, July 24th OR November 13th

Time: 9:00 am – 12:30 pm

Description: Attendees will learn how to modify their irrigation system to operate more efficiently. In addition, this workshop will teach attendees the basics on how to work with their particular soil, as well as how and when to fertilize. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.

Water Wise Gardening Workshop - Plants and Planting

Dates: May 22nd OR October 2nd

Time: 9:00 am – 12:30 pm

Description: Attendees will learn about a variety of attractive Native and California Friendly® plants and the proper way to plant them. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.

Water Wise Gardening Workshop - Preparation & Design

Dates: June 12th OR August 14th

Time: 9:00 am – 12:30 pm

Description: Attendees will learn how to remove their existing, high water use grass and/or plants and the steps to take to design and re-landscape the area with water wise plants. For more information on this and other FREE workshops, visit www.cbwcd.org or call 909-626-2711. Residents living within the District's boundaries of Montclair, Chino and parts of Chino Hills, Rancho Cucamonga, Upland and Ontario have priority registration.
