**STAFF REPORT
CHINO BASIN WATER CONSERVATION DISTRICT
EDUCATION COMMITTEE MEETING**

MEETING DATE: May 19, 2022 **AGENDA ITEM:** DI 1

FROM: Elizabeth Skrzat, General Manager

SUBJECT: Interpretive Signage Project Update and Feedback

ATTACHMENT: None.

RECOMMENDATION

Staff recommends that the Education Committee review, discuss, and provide feedback to staff and to project consultant KBDA for the Interpretive Signage Project.

FISCAL IMPACT

There is no fiscal impact to consider at this time.

BACKGROUND

On November 8, 2021, the Board awarded a contract to KBDA for Interpretive Signage/Exhibitory Concept Design Services. KBDA staff have been working closely with District staff on the project to create an interpretive experience that reaches all audiences that visit the park and garden, that encourages behavior that saves water by adopting these waterwise landscapes, and that provides information and access to online resources for those who are interested in transforming their own gardens for water savings.

KBDA staff will present the entire masterplan, as well as proofs for a selection of signs reflecting the different sign types for the Education Committee's review and input.

ISSUES & ANALYSIS

Once the Education Committee provides input, KBDA will move toward final completion of the design phase of the project, and District staff will move toward the fabrication and installation phase of the project.
